In 1999 a group of cyclists formed a team (Team C.U.R.E.) to participate in organized bike rides that benefit people suffering from serious illnesses. Team C.U.R.E. (Cyclists' United Ride Effort) is an established team which participates in a minimum of three organized bicycle rides a year such as the MS 150 benefiting the National Multiple Sclerosis Society or the Tour de Pink.

There is no cure yet for these causes we ride for, but with support from our team and our sponsors, research can continue. The goal of Team C.U.R.E. is to raise money for and awareness to these causes. At this time we have ~100 members throughout Texas, committed to these causes. We're driven by the fact that what we're doing will help many who deserve more from life. We would be honored to have you as a member of Team C.U.R.E. If you own a company and would like to support Team C.U.R.E. as an underwriter, then we will proudly place the name of your company on the front of our team jerseys and on any t-shirts or any other medium we use to represent Team C.U.R.E.

Team C.U.R.E. is a **PROACTIVE** community non-profit organization underwritten by **Wilson & Company, Engineers & Architects** and **David's Cycles, Thorntree Slate & Marble**, and **The Art Dept.** With assistance from our underwriters we are able to help in our community.

Join Team C.U.R.E. and help **make a difference!** Your contributions will improve the quality of life for those who suffer from multiple sclerosis and other illnesses. Team members are kept up to date on community bicycle events and receive benefits from many of our Sponsors and Bike Shop Affiliates.
